Reduction of Hazardous Substances (RoHS3) Certification

October 20,2022

QuickSilver Controls, Inc. certifies that to its knowledge the following products manufactured after 22 July 2019, conform to the European Union's Restriction on Use of Hazardous Substances in Electrical and Electronics equipment (RoHS3) Directive EU 2015/863 for ten regulated substances, Lead, Mercury, Cadmium, Hexavalent Chromium (Cr^{6+}), polybrominated biphenyls (PBB), polybrominated diphenyl ethers (PBDE), Bis(2-ethylhexyl) phthalate (DEHP), Butyl benzyl phthalate (BBP), Dibutyl phthalate (DBP), and Diisobutyl phthalate (DIBP). This certification is applicable to QuickSilver Controls product part numbers ending in RoHS.

Products marked as RoHS prior to 22 July 2019 conform with the RoHS regulations at the time of manufacture.

This declaration is based on the QuickSilver Controls, Inc. understanding of RoHS, and our knowledge of the materials that go into its products as of the disclosure date, as well as the declarations of our suppliers.

Exemptions 7a, 7c-I:

Our products are considered Industrial controls, so the 7a and 7c-I exemptions are currently valid through 21 July 2024. We understand the medical diagnostic instruments exemption for 7a is currently for parts manufactured through July 2023, while 7c-I is valid through 21 July 2024. We are working to track our stock of the 7a and 7c-I exemption parts to be sure they are consumed or eliminated prior to the end of these exemption dates. We are actively transitioning parts lists to eliminate those parts with 7a and 7c-I exemptions.

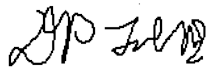

To specify RoHS compliance on a product, add "RoHS" to the end of the part number when ordering. This will insure you receive the RoHS version of the part.

The following is a list of items that are RoHS compliant. If you have a special part number or need more clarification, please send us an email with the desired part number and we will verify if the product is already available as RoHS or when it will become available as RoHS.

Note: The list includes both Active, Obsolete, and Special Order part numbers. Please contact Factory for currently available parts when ordering.

Disclaimer: Information provided by QuickSilver Controls, Inc. on its website or in other communications concerning the substance content of its products represents QuickSilver Controls, Inc. knowledge and belief as of the date that it is provided. QuickSilver Controls, Inc. bases its knowledge and belief on information provided by second and third parties and makes no representation or warranty as to the accuracy of such information. QuickSilver Controls, Inc. has taken and continues to take reasonable steps to provide representative and accurate information but may not have conducted destructive testing or chemical analysis on incoming materials and chemicals. In no event shall QuickSilver Controls, Inc. liability arising out of such information exceed the total purchase price of QuickSilver Controls, Inc. part(s) at issue sold by QuickSilver Controls, Inc. to Customer on an annual basis.

Signed,

A handwritten signature in black ink, appearing to read "DL II", is positioned below the word "Signed,".

Donald Labriola II, President.
